

Blue White Zinc Galvanized Anti Vibration System Clamps Steel Fastener

Our Product Introduction

for more products please visit us on channel-fittings.com

Basic Information

- Place of Origin: Jiangsu, China
- Brand Name: HENG TONG
- Model Number: LS-13
- Price: \$1.20/pieces 1-2000 pieces
- Packaging Details: packed in cartons, cartons packed in pallets
- Supply Ability: 500000 Piece/Pieces per Month

Product Specification

- Material: ZINC, Carbon Steel, Carbon Steel
- Type: Seismic Connectors
- Surface Treatment: Zinc Plating
- Certificate: ISO9001:2008
- Packing: Pallet
- Application: Ship
- Port: Shanghai
- Highlight: **Galvanized Anti Vibration System, Anti Vibration System Clamps, Clamps Steel Fastener**

Product Description

High Quality Custom Blue-white Zinc Galvanized Anti-vibration System Clamps Steel Fastener

An anti-vibration system is a technology designed to reduce or eliminate vibrations and shocks in various mechanical and structural systems.

This system utilizes specialized components and techniques to dampen vibrations, ensuring smoother operation and enhanced performance.

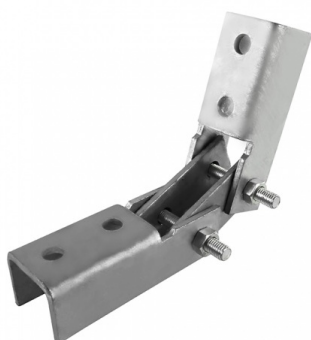

Anti-vibration systems are commonly used in industries such as automotive, aerospace, manufacturing, and construction.

Product Parameters

Product Name	High Quality Custom Blue-white Zinc Galvanized Anti-vibration System Clamps Steel Fastener
Material	Carbon Steel Q235
OEM	Available
Type	Seismic connectors

Product Description

Main Products

Anti-vibration System

Beam Clamp

Brackets

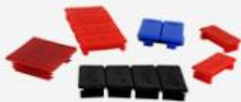

Channel

General Fittings

Pipe Clamps

Plastic End Cap

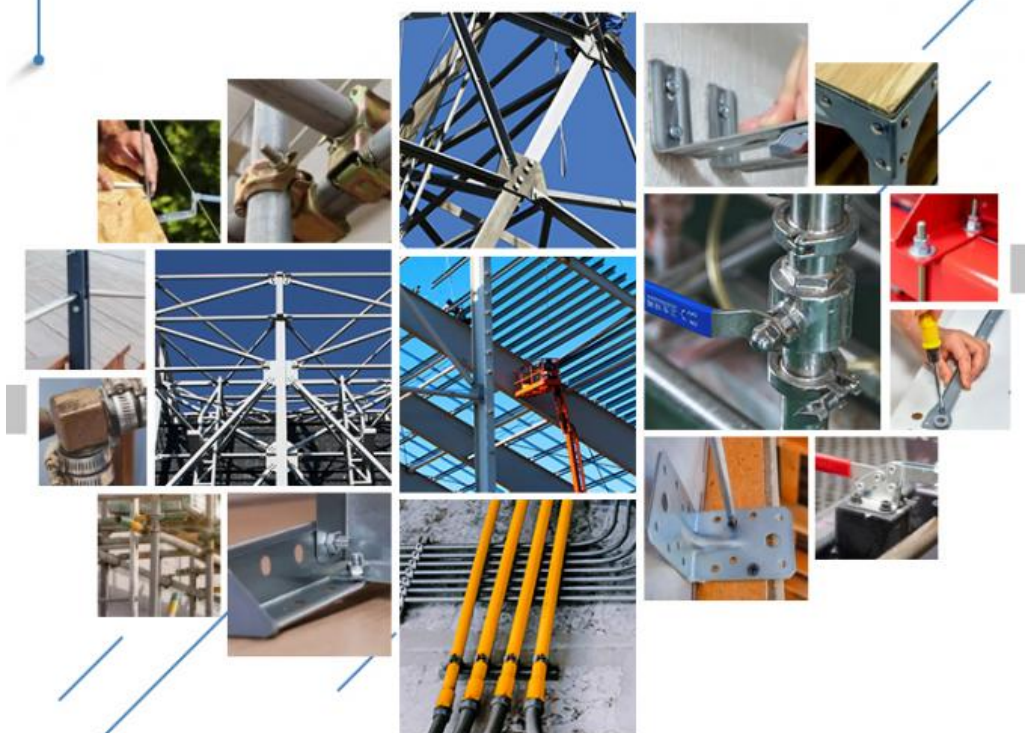

Spring Nuts
